

YOU'RE INVITED

The CT State Innovation Model Consumer Advisory Board in Partnership with
the Southeast Asian American Health Coalition presents a:

A Southeast Asian American Listening Session for Health and Wellness

Tuesday, October 20, 2015

10AM to 1PM

Elmwood Community Center in West Hartford
1106 New Britain Avenue

The listening session is a time for members of the Southeast Asian American communities to engage with providers, insurers, educators and policymakers to create a better understanding of the special needs of refugee communities who are new to Western medicine and facing the burdens of complex chronic disease associated with trauma. This session is a time for getting to know each other and to develop the relationships that are necessary for change.

The session will be divided into three parts:

10-11AM An overview of the communities and their health problems presented by community leaders and partners in health care who have expertise in treating SEA communities.

Special guests include Dr. DJ Ida, the Executive Director of the National Asian American and Pacific Islander Mental Health Associations who will moderate the session and Samba Ly, the Director of Interpreting for the Alameda County Health Services.

11-12 A Question and Answer Session during which everyone is free to ask questions of anyone in the room.

12-1A post meeting social where a light Southeast Asian lunch will be served and people will have a chance for individual conversations.

Everyone who comes to the session will be provided with a booklet that includes the program, an overview of the Southeast Asian Refugee communities in Connecticut, a resource list and bibliography of important research.
